Time is valuable – Invest your time well!

Exhibition

Welcome to AIRTEC 2012!

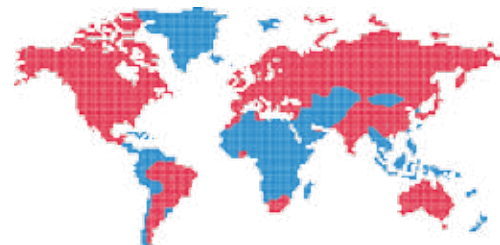

Visit AIRTEC 2012, one of the premium global business and technology B2B-meeting events for the aerospace industry.

The successful combination of a focussed exhibition, ongoing B2B meetings and high level conferences makes AIRTEC a valuable strategic place to meet potential suppliers for your current and future programs from around the globe in a time-saving and efficient way; thus to ensure that your time is well invested.

The global aerospace supply chain

- Design + Engineering, Testing, Simulation
- Materials, Production + Tools
- Components + Systems
- Lifecycle Support

**Suppliers, OEMs, Primes from
45 nations meet for business talks**

B2B Meetings

AIRTEC pre-arranged B2B-meetings

The B2B meetings are a convenient tool to well plan your visit in advance. With this service you meet potential business and technology partners in a very efficient way, thus optimizing your visit.

The B2B tool enables you prior to AIRTEC 2012 to view company and product profiles, to select companies you like to meet at AIRTEC, to make requests for your desired meetings and to manage your personal schedule for the event.

The key success: Timely scheduled business talks

**The following trade visitors are admitted
to the B2B meetings of AIRTEC 2012:**

- Procurement Management
- Supply Chain Management
- Research and Technology
- Developers
- Project Engineering
- Manufacturing
- Quality Management

These trade visitors can register
